SUMMARY

- Full stack web development student, educationally motivated paraeducator, and collaborative, industrious team member
- Personal interests in video and table-top gaming, performance, and other creative enterprises

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5
Applications: GitHub
Tools: Node, JQuery, Bootstrap

PROJECTS

The Relocator | **https://github.com/MikeColetta/Group-Project-One** | **https://mikecoletta.github.io/Group-Project-One/**
- The Relocator is an app for users that want to compare two cities. The app then shows their location, cost of living, and weather data. The Relocator also stores previous user searches for later use.
- I primarily worked on the Javascript function to pull the weather from the Open Weather API. I also designed the error modal and managed the GitHub repository.
- HTML5, CSS, JavaScript, JQuery, W3 CSS, Open Weather API, Leaflet, Numbeo API, Open Street Maps API

Weather Dashboard | **https://github.com/MikeColetta/Weather-Dashboard** | **https://mikecoletta.github.io/Weather-Dashboard/**
- A weather dashboard app that displays both the current weather and the five day forecast for a searched city.
- I designed the entire application. I used the open weather API and created custom JavaScript to render the weather and save past searches to local storage.
- HTML5, CSS, Bootstrap, JavaScript, JQuery, Open Weather API

Code Quiz | https://github.com/MikeColetta/Code-Quiz | https://mikecoletta.github.io/Code-Quiz/
- When the player starts the game they have 75 seconds to complete the quiz. Every incorrect answer takes time off the clock.
- I designed the application myself using Bootstrap and JQuery.
- HTML5, CSS, Bootstrap, JavaScript, JQuery

EXPERIENCE

Special Education Paraeducator   December 2020-Present
Auburn School District   Auburn, WA
Tutored special education students in biology and general science curriculum. Completed educational guides for additional special education teachers to use when assisting students outside of class time.

Project Manager   August 2018-December 2020
Indie Bros.   Remote
Work
Drafted press releases and worked with influencers and news outlets to release preview streams, features, and reviews of games.

Processor   July 2017-August 2018
SAG/AFTRA Health and Pension Plans   Burbank, CA

Utilized existing databases and systems to organize pension and health data files from large production studios.
Communicated clearly and efficiently with studio reps to correct errors and report discrepancies.
